DEBBI JAGGERS
VP/Security Officer,
New Accounts Manager

It is an honor to be able to work for a company with such historical significance in this great community. FNB has been successful because of the relationships it has established with the residents of Hood, Johnson, and surrounding counties. While staying up-to-date with technology is a priority for us, establishing and maintaining relationships based on trust and integrity will always be the top priority. We want every customer to know that they can trust us, and that sort of relationship is not something you can just arrive at through marketing or a short-term effort; it's something that is planted and grown over years of doing the right thing. That's the company that I'm proud to say I work for, and that's the company philosophy that I will do everything I can to help maintain.
